

3/25/2024

RE24-0180

Dear Property Owner:

SUBJECT: Dairyland Power Cooperative's 69kV Electrical Transmission Line

This letter is to inform you that, during 2024, Dairyland Power Cooperative (Dairyland) and/or its contractor, EXO, will be conducting pole inspection patrols of the transmission line that runs along your property.

State law requires we routinely inspect our transmission lines to ensure proper operation and safety. If the structures are not along roadsides, the inspectors will be using ATV-type equipment to traverse the land to visually inspect and identify deficiencies in our transmission line structures. While no maintenance work is planned at this time, it is possible that our inspectors would discover deficiencies that will need to be addressed. If additional work is needed in the future, Dairyland will notify you of such activities.

If you have any questions, please contact our office at 608-787-1483 or by email at sara.edman@dairylandpower.com. Additionally, the contractor performing field operations can be reached at 651-472-3235 or by email at Dfarr@exoinc.com.

Sincerely,

DAIRYLAND POWER COOPERATIVE

Sara M. Edman
Right of Way Technician I
Real Estate and Right of Way Department.
