2. Proposed Language Amendments to Sections 3, 5, 8 & 10.

Background:

The current version of Oronoco Township's Zoning Ordinance, updated May 19, 2022, is considered too restrictive concerning farming activities in the agricultural districts and not restrictive enough in Commercial and Industrial Districts. The current language has led to undesirable uses that do not meet the intent of the ordinance. This version also erroneously omitted 10.02.5.a.1-5, "Permitted Uses:" & 10.02.C.

Amendment Findings: (staff recommended findings in *italic*)

1. The proposal is consistent with the policies of the Olmsted County General Land Use Plan.
The proposed changes to the Ordinance are consistent with the goals and policies of the Olmsted County General Land Use Plan. The purpose of the text amendment is to allow for greater freedom of farming uses in the agricultural districts and restrict undesirable uses in the other mentioned zoning districts.
2. The amendment is in the public interest.
Amending the ordinance provides the township an opportunity to protect their constituents by restricting uses that may negatively impact the use and enjoyment of neighboring properties.
3. The proposed development is timely based on surrounding land uses, proximity to development, and the availability and adequacy of infrastructure.
This finding does not pertain to the specific text amendment.
4. Proximity to development, and the availability and adequacy of infrastructure.
This finding does not pertain to the specific text amendment.

5. The proposal permits land uses within the proposed district that are appropriate on the property and compatible with adjacent uses and the neighborhood.

This finding does not pertain to the specific text amendment.

6. The proposal does not result in spot zoning.

This finding does not pertain to the specific text amendment.

7. The proposal is consistent with a General Development Plan for the area, if one exists.

This finding does not pertain to the specific text amendment.

Conclusion:

TCPA staff considers the proposed changes consistent with County regulations and recommends consideration and adoption of said changes.
