Hi Jody,

Charlie text me today to let me know that Google is increasing its prices slightly in November 2025. Per Charlie:

You are currently being charged \$6 per user per month (8 users => \$48)

As of Nov 9 you will be charged \$7 per user per month (8 users => \$56)

CB

Just wanted to share so it can be noted in the November 10th meeting to the Supervisors and just noted in general.

Thank you,

Brandi Lind
