## 2026 RIGHT OF WAY PRICING

As we head into the 2026 right-of-way maintenance season, we are excited to continue serving as the leading provider of professional vegetation management for municipalities across southern and central Minnesota. Our team brings the experience, technical knowledge and specialized equipment necessary to handle every aspect of right-of-way maintenance efficiently, safely and in full compliance with local and state regulations. From mechanical brush control to targeted herbicide applications and invasive species management, we are fully equipped and ready to deliver dependable results that keep your communities safe, visible and well maintained.

**2026 Northstar Companies Pricing-** Please mail or email this form to us or follow the QR code at the top of this page to use our online registration.

- **Full mileage Broadcast Sprayed:** This is our most popular option and is aimed at controlling a wide range of invasive species including Wild Parsnip, Thistle, Knapweed, Cocklebur, Poison Hemlock plus over 130 others. One mile equals both sides of the road. Up to 35' spray coverage from shoulder: **\$196/Mile**
- **Brush Spraying/Spot spraying:** This option is great for controlling established brush issues or for more isolated outbreaks of broadleaf invasives: **\$125/Hour plus \$10 per Gallon of Spray mixture.**
- **Mechanical Brush Clearing:** We have dedicated equipment to clear out even the most established brush and trees that may be obstructing your right of ways or causing a dangerous lack of visibility. Pricing starts at **\$200/Hour.** Contact us for a custom quote on your project.
- **Ditch Mowing:** Top cut with 8' disc mower: **\$100/Hour**
- **Tree Trimming:** Contact us for a quote on your tree trimming or tree removal project.
